THE TIPS OF THE DROP TANKS ARE LEFT IN ALUMINUM COLOR.

BEFORE YOU BEGIN....

THIS IS A CHALLENGING SUBJECT, WHICH WAS NEVER VERY WELL DOCUMENTED. WHILE WE STRIVED TO MAKE THESE DECALS AS ACCURATE AS POSSIBLE, WE HAD TO RELY ON GUESSWORK ON SOME OCCASIONS.

PLEASE ALWAYS REFER TO THE PHOTOS AT THE REFERENCE SITE WHEN YOU HAVE ANY DOUBT. WE BELIEVE THAT THE DESIGN WAS APPLIED USING ONLY THREE DIFFERENT SIZES OF STAR TEMPLATES: 12, 8 AND 6 INCHES IN SIZE. WE CALL THESE "TYPE A, B AND C" RESPECTIVELY. WE PROVIDE SUFFICIENT SPARE STARS OF ALL THREE TYPES TO ALLOW YOU TO MODIFY OR CORRECT THE SCHEME IF NECESSARY.
