During the Edwards AFB Airshow on October 14, 1997 at precisely 10:29AM, General Chuck Yeager re-enacted the breaking of the sound barrier exactly 50 years earlier in the Bell X-1. This specially painted F-15D was used during this flight to commemorate the event.

1997 also marked the 50th birthday of the United States Air Force.

Twobobs' goal is to provide you with the most thoroughly researched decals that money can buy. We go beyond using traditional reference resources and many times speak with the actual aircrews and maintainers of our subject matter. Being modelers ourselves, we understand that there is no substitute for this painstaking research and we are proud to offer, what we feel, are the best decals on the market. If you have any subject matter that you feel should be the next Twobobs creation, let us know. We'll be happy to listen to any and all customer input.
