WHAT'S OUT THERE?  
1/48th Revellogram F-15E  
1/48th Great Wall Hobbies F-15E

In late 2018 through early 2019, the Bold Tigers of the 391st deployed to an undisclosed location in the Middle East in support of OPERATION INHERENT RESOLVE. While deployed, the squadron's aircraft received 18 uniquely distinct nicknames and nose art. This decal sheet captures those 18 schemes, the unique mission markings, and one of the most common operational configurations flown during the deployment. The Bold Tigers lethal, highly successful combat deployment helped advance the defeat of ISIS and secure the goals of regional stability.

Special Thanks to Mike Cabral for all the references for this sheet.
